

## **A Man and Truth**

*John 8:25-47*

1. What are the most important influences that shape the beliefs and attitudes of men in our culture? Which of these have had the greatest impact on you?

2. Why do you think Jesus links truth so closely to obedience and love? How do you see the connection in your own life (i.e. when you believe the truth how does it help you live well and love well)?

3. How can you submit yourself to Christ's authority on a daily basis? What would it look like for you to abandon self-reliance and actively place your faith and trust in the wisdom and power of God (e.g. what habits would change, how could you change your process for making decisions, etc.)?
