What are other pastors and leaders saying about this training?

My favorite part of the course was the systematic approach to ministry; the integration of vision, organization, process, and practical implementation. This was an outstanding and productive workshop! – *John, Hearthland Community Church, KS*

The concepts helped us realize how to build disciples rather than building programs and ministries. I walked away with practical steps to apply these principles. This is the most practical info on men's ministry I have heard in a long time! Thank you! – *JP, Kaleo Christian Fellowship, CA*

The aspect of the course that made me want to attend is the process. I have been discipling men for eight years as a pastor and I see the need for an intentional process. I am thankful that this is not a "program in a box" but principles to be applied. – *Artie, First Southern Baptist Church, AZ*

Moving and powerful, exciting and uplifting, inspirational and enlightening! I have so much work to do for myself and for my men. You guys promised me a game plan, and I certainly have one. – *Richard, St. Andrews United Methodist Church, NC*

This course has been a confirmation from God that we are in the center of His will for raising men! – *Karl, Calvary Temple Assembly of God, NJ*
