This important week of **National Training** and **The Man in the Mirror Leaders Conference** is vital for our Area Directors and their wives. It is an annual time for our nationwide staff to gather for fellowship and reunite all of you at one time, in one place for one conference. It is rich in prayer, worship and inspiring messages. You'll also receive practical information to take home and implement into the work of Ministry Partner Development and the ministry of your regional coalition.

This annual training event is required for all full-time, part-time, and volunteer area directors. If you have extenuating circumstances that prevent you from attending the entire week, please talk to Al Lenio.
